He shared the rest of the Pep Band schedule, which is subject to change. Band classes have been playing inside since mid-November. The classes are split with Mr. Arnold taking half & Mr. Fields taking half. They are not sure yet about next semester/performances. Google classroom is updated each week. They have been playing Christmas music for fun.

Motion to accept: Nicole 2nd: Jesse

Secretary's Report: A moment was given to read over last month's meeting minutes. Mel Asked Jon how Pep Band is going. He reported that they've been playing in the upper level of the gym, spread out and it's been going good so far.

Motion to accept: Nicole 2nd: Jesse

Treasurer's Report: Nicole went over a summary of accounts. Funds donated by Rosetta Moore from mask sales were transferred to the Vehicle Fund. Chipotle fundraiser money went into the General Fund. We received a Kroger Rewards check this week also.

Motion to accept: Stacey 2nd: Mel

Old Business: Mel reported that she thought rebranding the concession stand as a fundraiser was attracting more volunteers, but now she's not sure - it might have just been a lot of traffic on Sign Up Genius due to a few people moving their shifts around. We need to find replacements for all officer positions except secretary so that we can start training them. Some ideas didn't pan out, so we need to keep trying.

New Business: Merry Christmas & Happy New Year! Stacey will send out an email to all bands asking all of this years Seniors to see Mr. Arnold to pick up their Senior ornament and all of last years students to see Mr. Arnold if they have not received their awards from last year.

Motion to accept: Nicole 2nd: Jon

Adjourn: 7:32p

Director's report December 8th, 2020

Band Classes Update:

Jazz and Marching band have been able to rehearse inside for the past several weeks. Thanks to the band boosters for supporting the purchase of bell covers.

FYI, Google Classroom is updated with goals, assignments and announcements every week. I am in the process of uploading pdf's of pep tunes for students to be able to access at home.

I appreciate your support to keep this program moving forward during these challenging times.
